

Sustainable Agricultural Intensification Research and Learning in Africa (SAIRLA)

ICT for Agricultural Extension SH dialogue and marketplace

Funded by

Managed by

and

UNIVERSITY
of
GREENWICH

Natural
Resources
Institute

Objectives

- **Enhance understanding** about current and potential ICT solutions for agricultural extension services in Ethiopia.
- **Establish technical working group** around the use of ICT tools between ICT providers, users, policy makers and investors.
- **Generate inputs** for development of implementation guidelines for the ICT pillar of the National Agricultural Extension Strategy

Expected outcomes

- Information, knowledge and ICT solutions shared
- Network and partnership among individuals and organisations built
- Technical working group established
- Inputs for development of implementation guidelines for the ICT pillar of the National Agricultural Extension Strategy generated
